## **Copies of Forms and Filing Receipts For Further Proof Supporting My Remarks within My Response To Office Action**

Attached to this page, you will find copies of forms and filing receipts for further proof which should support my remarks within the related Response To Office Action. I don't know if you needed this proof or not. However, I felt that it validates my argument to the issue of post 9-11 and all of the radiation being done to the mail during the Anthrax mailings. Furthermore, you should be able to clearly see the same initial examiner requesting me to send the same related patent information to several different addresses due to her inability to receive anything I was trying to send her within the allotted time frame set forth by the US Patent & Trademark Office.

Respectfully Submitted,

Glenn Martyn

Ms. Deshawn Durham,

I am surprised you could not find the corrected application I had sent. It is exactly the same as the one I'm sending now. The claims were on a separate sheet, and the margins were within the required measurements. I bet a contractor outside the USPTO overlooked it! Either way, I appreciate your kindness and professionalism in helping me to get through this confusion. My office number might change because I am moving at the end of January. However, my cell phone will remain the same. I can still receive mail at this address for 5 more months. I will take care of address changes later.

Please call me if there is anything I need to know.

Sincerely,

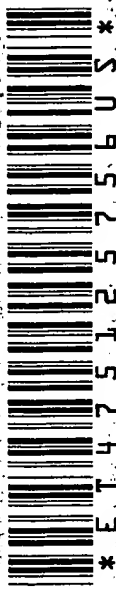

Glenn Martyn
